

1. Mizuki (boy) and Kaguya (girl): Fraternal Twins. Age early to mid 20s. Named by Sukuna. Born in silence in a qanqun as Leora and Sukuna returned from a trip back to the estate. She delivered them in silence under the moon light so Sukuna would not be upset or have the same experience he had with Tsukihiko's birth.
 - a. Mizuki is Sukuna's mirror. He looks just like him except for his coloring. He has pale skin and white hair like Leora. But, crimson eyes like Sukuna. He is his clone, his miniature.
 - b. He is the closest to Sukuna personality wise. He enjoys violence, fighting, chaos, and can have a sadistic streak.
 - c. However, he is tempered by Leora's influence as she always had him channel his power and desire for destruction into helping the villages around them deal with foes and curses.
 - d. Mizuki is a mama's boy worse than Tsukihiko. He won't let anyone into her space or look at her when they leave the estate. He has gotten into a lot of trouble because of his territorial nature surrounding her and the family but Sukuna does little to dissuade it and says it is natural.
 - e. Mizuki won't listen to anyone outside of Leora or his twin sister Kaguya. They are very close, very connected.
 - f. When Kaguya is pregnant, Mizuki knows. He can feel it, too.
 - g. He is extremely over protective of her.
 - h. During the fight with the Young Gods, Mizuki fought and learned how to remove runes from the bodies of gods while in Black Fox.
 - i. Mizuki is now married to Kyrr, a lesser god who was once the 10th of the Death Deities until being wrongly demoted, and has performed the Devouring Vow
 - j. He is the only child as of yet to have walked into death and used it to travel.
 - k. He recently went to Uppsala and met Leora's people
 - l. He also spoke with the Goddess Skadi and is emerging to be a real contender to inherit the Ten Brinken Legacy.

Kaguya is a miniature Leora in looks and personality. She also has fair skin, grey eyes (like friedhelm), and long, white waist length hair that falls in waves and loose curls.

- m. Her personality is similar to Leora's on the surface but then, in her wit and thought process it's Sukuna. She is warm on one hand and capable of abuse on the other. The way her eyes tighten or narrow is Sukuna. Her facial expressions are very Sukuna when she's no longer composed or finds someone unworthy of her focus or societal niceties.

- n. She is a daddy's girl and has a special relationship with Sukuna. He saved her life when she was three with the help of Friedhelm and he has been attached to her ever since.
- o. She is the only child to call him "papa." Not Otosan.
- p. He will indulge her when he wouldn't others
- q. He softens himself for her.
- r. Ultimately, she gets what she wants but doesn't ask for more than she needs (the side of Leora coming out)
- s. She is married to Aza Toma and lives a very quiet and secluded life with him in the estate.
- t. She is famous outside for her poetry, writings, and paintings
- u. The shogun is obsessed with her work
- v. Sukuna dislikes the Shogun's interest
- w. Kaguya gave birth to her first child with Toma, Linnea, and she is blessed by the Death Deity Vallraun.
