

- Kiyomi and Sieg
 - Kiyomi is now 20-21 and a distant relative of the ten Brinken family
 - NOW married to Kurohiko and formally adopted her younger brother (now 8) as her son.
 - Kiyomi has Long waist length black hair
 - Piercing blue eyes like leora
 - Can speak with the dead, possess necromantic abilities
 - Could become the next Alraune since Leora and Kaguya are “broken” but that would require her to conceive in rape and or neglect/abuse/no love.
 - Leora is the first Alraune in millenia to have freely chosen her lover and had children that were not ripped out of her womb or from her arms. If Kiyomi were to be treated like an Alraune normally is, she would replace Leora and Leora would die.
 - Leora trained Kiyomi to help her refine her abilities
 - Then leora brought Kurohiko and he fell in love with her at first sight. So did Kiyomi.
 - They are now together and he is trying to let their love happen naturally to save her from becoming the next Alraune.
 - Sieg is her now 8 year old brother.
 - He has black messy hair with a white streak and piercing blue eyes
 - Her father died in a shogunate war
 - Her mother died in child birth delivering sieg
 - Kiyomi’s personality is quiet, cautious, and yet she has a lot of Leora’s emotional intelligence and knowledge of the unknown about people.
 - Sieg is rambunctious, loud, energetic, and loves Mizuki and Kurohiko. He is glad Kurohiko came to live with them before Kiyomi was taken by a necromancer and he’s glad to live in the estate now.
